

Seminars in Endocrinology and Animal Biosciences - Spring 2017

School of Environmental and Biological Sciences (SEBS) at Rutgers University

Seminar Series Coordinator: Bill Belden, Ph.D.-(beldenwj@SEBS.rutgers.edu)

Fridays @ 9:15 AM (Pd. 1) in Foran 138A, G.H. Cook Campus ~ *Unless otherwise noted*

Date	Speaker	Affiliation	Title/Topic	Contact Person
Jan. 20	KiBum Lee, Ph.D.	Associate Professor Chemistry & Chemical Biology Rutgers University	“Bio-Inspired Nanomaterials and Nanotechnology to Control Stem Cell Fate.”	Bill Belden
Jan. 27	Christopher Hammell, Ph.D.	Associate Professor, Genetics and Genomic Cold Spring Harbor Laboratory	“Time Management and the Making of an Animal.”	Bill Belden
Feb 03	NESA TEAM I	Rutgers NESA competition at URI, Feb. 25th	Undergraduate presentations of Research and Review Papers.	B Jesse C Williams
Feb. 10	J David Jentsch, Ph.D.	Professor, Dept. of Psychology Coordinator for Behavior Neuroscience Binghamton, University	“Reward, Interrupted: Inhibitory Control and its Relevance to Addictions”	Troy Roepke
Feb. 17 8:30 Am	NESA TEAM II	Rutgers NESA competition at URI, Feb. 25th	Undergraduate presentations of Research and Review Papers.	B Jesse C Williams
Feb. 24	Benjamin Samuels, Ph.D.	Assistant Professor Behavioral and Systems Neuroscience Psychology Dept., Rutgers University	“Molecular Mechanisms and Neural Circuitry Underlying the Antidepressant Response and Treatment-Resistant Depression”	Nick Bello
Mar. 03	Melissa B. Davis, Ph.D	Assistant Professor, Dept. of Genetics Franklin College of Arts and Sciences, University of Georgia	“The DARC side of Breast Cancer Disparities”	Aparna Zama
Mar. 10	Sylvia Christakos, Ph.D.	Dept. of Microbiology, Biochemistry, and Molecular Genetics, NJMS, Rutgers University	“Multiple Actions of Vitamin D”	Bill Belden
<i>No Seminar on Friday March 17th – Spring Break (March 11– 19)</i>				
Mar. 24	Asgi T. Fazleabas, Ph.D	Professor and Assoc. Chair Research Obstetrics, Gynecology & Reproductive Biology Michigan State University	“Functional Consequences of Altered Gene Expression in Endometriosis”	Carol Bagnell
Mar. 31	William Fritz	Ph.D. Candidate, EAB Graduate Program Rutgers University	EAB Dissertation Defense	Larry Katz
Wed. Apr. 05	Susan K. Fried, Ph.D.	Professor and Dir. of Translation Adipose Biology and Obesity Diabetes, Obesity and Metabolism Institute, Mount Sinai	50th Anniversary of Rutgers Nutritional Sciences Department	AniSci/ Nutri
Apr.07	Jennifer Hanke	M.S. Candidate, EAB Graduate Program Rutgers University	EAB Masters Dissertation Defense	Wendie Cohick
Tue. Apr. 18	N E F S Grad Student Conference	Dr. Keven Osteen, Ph.D. Prof. & Chair in Obstetrics and Gynecology Vanderbilt University	Dr. Sharon Donovan, Ph.D., RD Prof., Chair, Nutrition and Health University of Illinois	Ashely George & NEFS
Apr. 25	G H Cook	Honors Presentation Day	Held at Cook Campus Center	SEBS
Apr. 28	Qiaoqiao Zhu	Ph.D. Student, EAB Graduate Program Rutgers University	EAB Ph.D. Proposal Defense	Bill Belden
Apr. 28	10:30 am - 2pm	Aresty Research 13th Annual Undergraduate Symposium	Livingston Student Center	Rutgers
<i>Classes end May 1st, Reading Days May 2nd & 3rd: Exams, May 4th - 10th, Commencement May 14th</i>				

postponed seminars

Apr. 14	Agnel Sfeir, Ph.D.	Assistant Professor of Cell Biology Skirball Institute of Biomolecular Medicine New York University School of Medicine	T B A	Bill Belden
Apr. 21	Lynda Kay McGinnis, Ph.D.	Assistant Professor Research Obstetrics & Gynecology Keck School of Medicine of University of Southern California	"Extracellular vesicles in follicle fluid: Do they have a functional role?"	Aparna Zama
