

**Seminars in Endocrinology and Animal Biosciences - Spring 2018**  
**School of Environmental and Biological Sciences (SEBS) at Rutgers University**

Fridays @ 9:15 AM (Pd. 1) in Foran 138A, G.H. Cook Campus ~ *Unless otherwise noted*

Date	Speaker	Affiliation	Title/Topic	Contact Person
Jan. 26	Diana Roopchand, PhD	Assistant Professor, Dept of Food Science, Rutgers University	"Dietary Polyphenols and Metabolic Disease"	Carol Bagnell
Feb. 09	Liping Zhao, PhD	Professor, Eveleigh-Fenton Chair of Applied Microbiology Dept. of Biochemistry and Microbiology Rutgers University	"Gut Microbiota: A New Window for Managing Human Metabolic Health"	Wendie Cohick
Feb. 16	Harini Sampath, PhD	Assistant Professor, Dept of Nutrition Rutgers University	"A Role for Mitochondrial Base Excision Repair in Energy Metabolism"	Carol Bagnell
Feb. 23	NESA hosted by	Rutgers Hosting NESA Competition Feb. 23rd - 25th	Undergrads presentations of Research & Review Papers.	B Jesse C Williams
Mar. 02	Maria Gloria Dominguez-Bello, PhD	Henry Rutgers Professor of Microbiome and Health Dept of Biochemistry and Microbiology and of Anthropology Rutgers University	"Importance of Microbiota Transmission in Mammalian Development"	Wendie Cohick
Mar. 09	Emily S. Barrett, PhD	Associate Professor EOHSI - Exposure Science and Epidemiology Rutgers University - School of Public Health	"Prenatal Phthalate Exposure and Children's Health: Translational Research from Animal Models to Human"	Troy Roepke
<b>No Seminar on Friday March 16th - Spring Break ( March 10- 18)</b>				
Mar. 23	Phoebe Stapleton, PhD, ATC	Asst. Professor, Dept. of Pharmacology and Toxicology Ernest Mario School of Pharmacy EOHSI, Rutgers University	"Impacts to the Fetus and Offspring After Maternal Engineered Nanomaterial Exposure."	Troy Roepke
Mar. 30	Ashley George	Graduate Program in Endocrinology and Animal Biosciences, Rutgers University	"Maternal Lactocrine Programming of Uterine Development". Ph.D. Dissertation Defense Seminar	Carol Bagnell
Apr. 06	Marisa Bartolomei, PhD	Professor, Dept. of Cell & Developmental Biology Co-Director, Epigenetics Program Univ. of Penn, Perelman School of Medicine	"Regulation of Genomic Imprinting in Development and Disease"	Wendie Cohick
Tue. Apr. 10th	N E F S Conference	Nutrition, Endocrinology and Food Sciences, Graduate Student Conference		EAB GSO
Apr. 13	Oline K. Rønnekleiv, PhD	Professor Dept. of Psychology & Pharmacology Oregon Health & Science University	"Differential Regulation by Estradiol of Peptide and Glutamate Neurotransmission by Arcuate Kisspeptin Neurons: Role in Motivated Behaviors"	Troy Roepke
Apr. 13	G H Cook	<b>Honors Presentation Day</b>	<b>Held at Cook Campus Center</b>	<b>SEBS</b>
Apr. 20	J David Jentsch, Ph.D.	Professor, Dept. of Psychology Coordinator for Behavior Neuroscience Binghamton, University	"Reward, Interrupted: Inhibitory Control and its Relevance for Addictions"	Troy Roepke
Apr. 27	Wellington V. Cardoso, MD, PhD	Professor of Medicine and Genetics & Dev. Dir., Columbia Center for Human Dev. Columbia University	"Control of Expansion and Differentiation of the Stem Cell Pool in the Lung"	Loredana Quadro
Apr. 27 ?	10:30 am - 2pm	<b>Aresty Research - 14th Annual Undergraduate Symposium Livingston Student Center</b>		<b>Rutgers</b>
May. 04 Noon	Chelsea Holloway Loc: Food Science 120	Graduate Program in Endocrinology and Animal Biosciences, Rutgers University	"Beta-Carotene Metabolism in the Maternal Heart During Pregnancy" Ph.D. Thesis Proposal Seminar	Loredana Quadro
<b>Classes end April 30th, Reading Days May 1st &amp; 2nd: Exams, May 3rd - 9th, Commencement May 13th</b>
