The Department of Animal Sciences

March

2018

by **Dr. Aparna Zama, Undergraduate Program Director**
& **Dr. Kathy Manger, Program Coordinator**

Registration for Fall 2018 semester classes begins April 15.
Important points to know before registering...

Working with Animals? Certain courses require students to complete the “Orientation to Animal Care and Use at Rutgers” training; complete an Occupational Health Clearance form; and be cleared to work with animals. Go to our Undergraduate Program homepage and click on the “Working with Animals” link, then follow the directions.

Note: If you do not have medical clearance two weeks prior to start of course, you will be deregistered!

Changes to registration for Practicums: For the following practicums, register for whatever section fits in your schedule. No special permission number (SPN) is needed!

- *Small Ruminant Practicum* (11:067:202:01-08)*
- *Swine Practicum* (11:067:203:01-08)
- *Laboratory Animal Practicum* (11:067:205:01-04)**
- *Horse Practicum* (11:067:207:01-04)

Note: Cattle Practicum (11:067:201:01) still requires an SPN from Joanne Powell (jopowell@sebs.rutgers.edu).

**Small Ruminant Practicum* is the only Practicum offered this summer.

**Indicates course has a co- or prerequisite requirement.
