OUR HISTORY
Our evolution as an advanced-care hospital began in 2000 when founder, Daniel Stobie, DVM, MS, DACVS, launched a mobile surgery practice. Due to the demand for this level of specialized care, the practice soon expanded to a state-of-the-art, 33,000-square-foot facility offering multiple specialties by board-certified veterinarians 24/7 and 365 days of the year. Today, we're a nationally-recognized specialty referral center with over 275 employees including more than 50 veterinarians (and two additional satellite offices) throughout NJ.

COMPREHENSIVE SPECIALTY EXPERTISE
Our specific disciplines of veterinary medicine give clients a one-stop resource for medical/surgical care for their pets. Our capabilities include:
